### Bow Elementary School

BES serves students in preschool through grade four, with full day kindergarten. Building on a “students first” philosophy, we implement a comprehensive program that addresses the whole child across developmental domains. High quality core academic instruction and the continuous progress of all students is supported by a carefully developed intervention program. Art, music and physical education offer rich opportunities for students to grow their skills and our inclusive classroom communities provide universal access and participation for all learners.

### Dunbarton Elementary School

Dunbarton Elementary School prides itself in providing an educational experience that addresses the needs of the whole child. Our students experience a rich academic program that includes art, music, physical education, technology and library skills. Seamlessly integrated into the academic experience is a strong intervention program and our special education model is an inclusionary model. The Dunbarton Community takes great pride in its school program and facility. Our strong ties with our community are evidenced in the countless volunteer hours that have literally helped to build the school. Dunbarton Elementary School is a great place to learn!

Owen Harrington, Principal 603-774-3181 <http://www.dunbarton.k12.nh.us/>

---

### Bow Memorial School

Bow Memorial School is a community school which focuses on students’ academic and social development. Our curriculum is both robust and comprehensive featuring core academic areas, eight distinct “Specials” classes, band as well as chorus and world language offerings (French, Spanish and Chinese). We pride ourselves on empowering our students, and this is reflected in our many extra-curricular offerings. BMS is a place where students from Bow and Dunbarton come together, grow and learn while aspiring to become productive community members for both today and tomorrow.

### Bow High School

The community of Bow High School stands proud having built a strong foundation of academic excellence, interdisciplinary curricula and community partnerships. Our students have a wide variety of classes to choose from, including many Advanced Placement and Concurrent Enrollment. Our extensive athletic and co-curricular opportunities provide additional opportunities for our students to learn and grow. The BHS faculty and staff are committed to fostering a rigorous and relevant approach to learning to prepare our graduates to be skilled, knowledgeable and motivated life-long learners.
